

Result of the 2013/2014 Joint Brazilian-Swedish Research Collaboration call

Granted applications

After completed peer review processes in Brazil and Sweden, it was jointly decided by STINT and CAPES to fund the projects in Table 1. The total amount of funding by STINT is SEK 3 734 000 for the Joint Brazilian-Swedish Research Collaboration programme. CAPES will provide funding for the Brazilian side.

Table 1: Granted applications within the Joint Brazilian-Swedish Research Collaboration programme

Dnr. BR 2013-	Applicant			Collaborating part		Granted funds for 4 years (SEK 1 000)
	Name	Institution	University	Name	University	
5511	Stefan Andersson-Engels	Atomic Physics	LU	Cristina Kurachi	University of São Paulo	367
5512	A. Erik G. Persson	Biomedical Centre	UU	Valdir Braga	Federal University of Paraíba	794
5517	Per Svenningsson	Clinical Neuroscience	KI	Roberto Andreatini	Federal University of Paraná	588
5535	Christopher John Barker	Molecular Medicine and Surgery	KI	Joison Martins	University of São Paulo	639
5540	Björn Andersson	Cell and Molecular Biology	KI	Edmundo Grisard	Federal University of Santa Catarina	252
5541	Stefan K. Nilsson	Medical Biosciences	UMU	Damasceno Nágila Raquel Teixeira	School of Public Health University of São Paulo	642
5557	Maria Westvall	The School of Music, Theatre and Art	ORU	Antenor Ferreira Corrêa	The University of Brasília	452
