STINT China – Research Policy, Trend Analysis and Advisory

Dr. Tommy Shih, 2018-08-23

STINT

The Swedish Foundation for International
Cooperation in Research and Higher Education

Aims

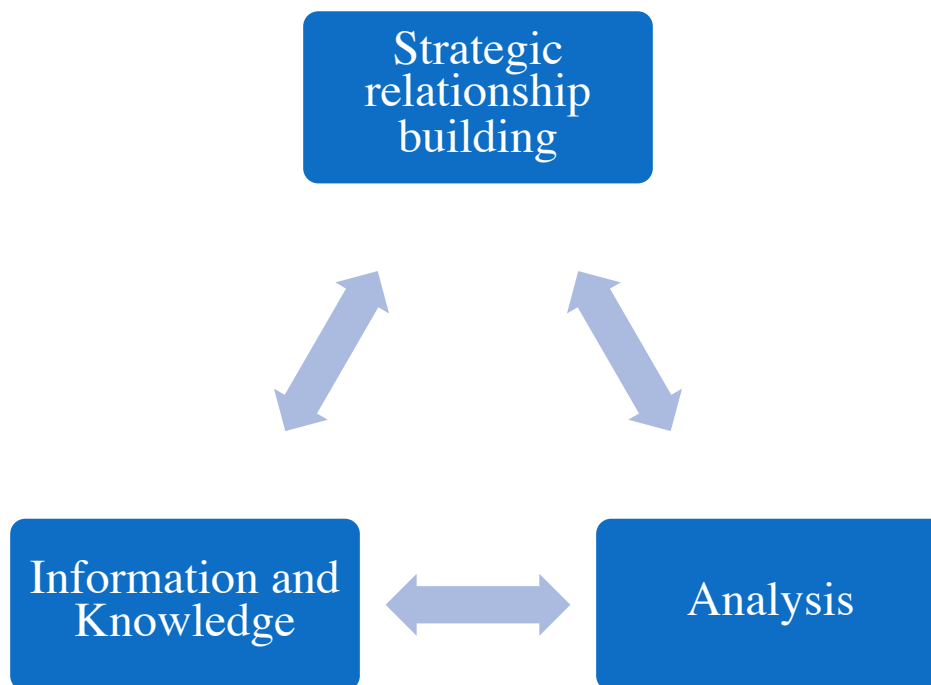

- Develop capabilities as a funding organization
- Build long term and meaningful relationships
- Increase knowledge in Sweden
 - What do we know about Sino-Swedish research and higher education collaborations, Chinese policy developments, regions and provinces etc.
- Conduct relevant policy research that informs policy and strategic action
- Support universities, funding bodies, authorities
 - Strategies, information and knowledge

Cooperation in Research and Higher Education

What do we do?

STINT

The Swedish Foundation for International
Cooperation in Research and Higher Education

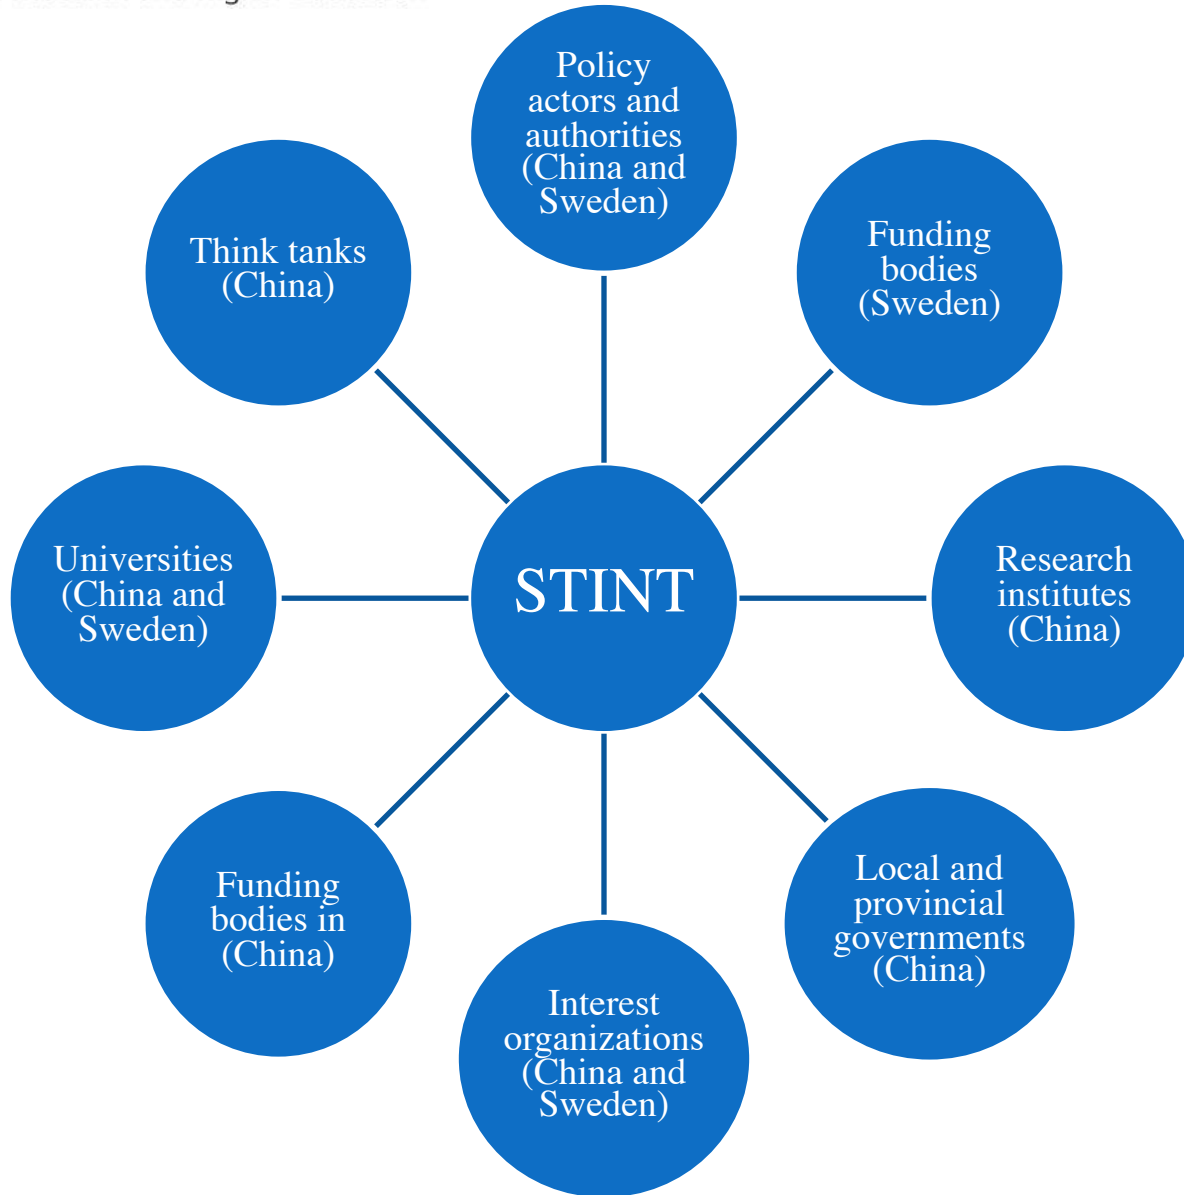

Relationship building

- Long-term and meaningful relationships
- Strategic with an intent to have an impact
- Contextualizing (needs, resources, actors)

STINT

The Swedish Foundation for International
Cooperation in Research and Higher Education

STINT

The Swedish Foundation for International
Cooperation in Research and Higher Education

Information and knowledge

- A little more than just
- Accumulating knowledge
- What's happening?
- Up to date
- Contextualized

STINT

The Swedish Foundation for International
Cooperation in Research and Higher Education

Analysis

- Research based analysis
- Evaluation of research, science, education and innovation policy and practices
- A network of research policy, innovation and higher education researchers at various universities and think tanks (Sweden, US, Denmark, and China)
- An advisory board consisting of scientists from natural, engineering and social sciences as well as industry professionals
